FOREWORD & APPRECIATIONS

It is with great pride that I present this Project Showcase for the Clinic Support Services delivered across 16 clinics in Pahang. This showcase reflects not only the scope of our work, but also our unwavering commitment to excellence, safety, and continuous improvement in supporting Malaysia's primary healthcare system.

Our mission has always been to ensure that every clinic we serve operates efficiently, safely, and in full compliance with regulatory and quality standards. We are also proud to note that our company consistently achieves strong and excellent ratings in client performance evaluations, demonstrating our reliability and commitment to quality. Through dedicated teamwork, innovation, and disciplined service delivery, we have strengthened facility operations, improved response times, and enhanced the overall environment of care for patients and healthcare personnel.

The achievements highlighted in this showcase are the result of strong collaboration between our management team, on-ground operatives, healthcare partners, and stakeholders. Their professionalism and dedication have enabled us to deliver consistent, measurable outcomes while overcoming operational challenges.

As we look ahead, we remain committed to expanding our capabilities, elevating service quality, and supporting the Ministry of Health's vision for a resilient, efficient, and patient-centred healthcare system. It is my sincere hope that this showcase serves as a reflection of our strong foundation and our readiness to continue delivering value in all future engagements.

Thank you to all who have contributed to the success of this project. Your efforts and dedication continue to inspire our pursuit of service excellence.

Dato' Ts. Haji Mohd Zaidi Bin Ilamdin *DIMP, KMN, REM, MIPM, GBIF, CEM, CEA, CPMV, CAAM, FMM*
Managing Director/ Chief Technical Officer
