FOREWORDS AND APPRECIATIONS

It is a great opportunity for Jana Tanmia Resources (M) Sdn Bhd to be given a chance to participate in this project as a Design and Build Specialist Contractor. We are thankful to GOD the Almighty for this opportunity.

We would like to thank everyone in Ministry of Health Malaysia, for all cooperation given to us in order to complete this project in the right specification and within a very tight schedule. Without a good teamwork we will never able to complete this critical project as required by the user and MOH.

We will be providing our support for the user and MOH during the period of defect and liability in repairing any defects. This is our contribution to the country 1 Malaysia concept initiated by our beloved Prime Minister of Malaysia Dato' Sri Mohd Najib bin Tun Haji Abdul Razak.

Again I would like to thank everyone, with the hope that we could coordinate such a great project in the future too.

Tn. Haji Mohd Zaidi Bin Ilamdin *K.M.N*
